

*We need YOU...*

*Your participation helps us make the right decisions about future improvements.*

## What It Is All About

The U.S. Department of Transportation collects information about your travel to understand how well the roads and highways, bus, and rail systems are working, and to plan for the future. We are asking you to help us by taking part in this survey. Your answers help us build a snapshot of how, when, and why people travel in their daily lives.

### Tell Us About Your Travel

You and the members of your household are asked to keep track of all the places you go, by any type of transportation, for one day. A diary will be sent to you to help you keep track of your travel. We will also ask you about recent travel to places further away from home.

### About the Survey

The American public has been telling us about their travel periodically since 1969. The results have been used to help improve safety, track air quality improvements, and plan for future transportation investments. If you would like to know more about the survey please visit our website at:

### What's In It For You?

**Satisfaction:** Good decisions need good information. You can make a difference!

**Importance:** We picked **You** to represent 4,000 others. Your travel information is very important.

**Enjoyment:** Our telephone interviewers are well-trained and courteous. We hope you will enjoy talking to them.

**Security:** Your name, address, telephone number, and other personal information **WILL NOT** be released to anyone. **We respect and protect your privacy!**

**Appreciation:** On behalf of the project team, we thank you for your time, trust, and participation!

## Your Answers Are Important

Did you know that an average household spends more on transportation than on groceries or entertainment? Every year the U.S. DOT spends billions of taxpayer dollars in transportation improvements. You can make sure these dollars are spent wisely by being part of our travel research group.
